

# Equity Cash Report

**Title:** *Top 5 Equity Cash Picks for July 2025*

**Prepared by:** Investaid Research Desk

## Introduction:

Equity cash segment trading involves buying stocks from the cash market for short-term or positional gains. Our research analysts have selected these picks after a detailed analysis of technical indicators, fundamental strength, and market sentiment.

## Market Overview:

The Nifty 50 is currently trading in a consolidative phase near its all-time high. We expect rotational buying in mid-cap and sector-specific stocks. This month's picks reflect momentum, breakout confirmation, and price-volume action.

## Top 5 Picks:

Stock	Sector	Entry	Target	SL	Notes
TATASTEEL	Metals	₹154	₹172	₹146	Trend reversal from long-term support
INFY	IT	₹1410	₹1515	₹1380	200 EMA bounce, positive RSI divergence
HDFCBANK	Banking	₹1665	₹1760	₹1630	Demand zone breakout + institutional buying
MARICO	FMCG	₹526	₹560	₹512	Bollinger band squeeze + news sentiment
LT	Infra	₹3490	₹3670	₹3400	Fibonacci retracement zone entry

## Trading Strategy:

- Enter trades with strict stop loss.
- Position size based on capital and risk appetite.
- Avoid entering trades during earnings release.

## Analyst Note:

These stocks have been shortlisted for short-term delivery trades (2–10 days). Past performance does not guarantee future results.
